

The German Migraine and Headache Society (DMKG)

he German Migraine and Headache Society (DMKG) was founded in 1979 by a group of dedicated headache scientists and today has more than 450 members, mainly Neurologists, Anaesthetists and General Practitioners, as well as Psychologists and Pharmacologists. It is a non profit making organisation with the following aims:

- The improvement of treatment possibilities for patients with acute and chronic headache.
- Combining basic disciplines in the fields of Medicine, Pharmacy and Psychology with an interest in headache research.
- Improving the basic education, postgraduate edu-

cation and teaching on headache and organising congresses and further education sessions for medical specialist groups.

 Making public the latest results of research in the headache field and advances in the treatment of headache.

The Journal of Headache and Pain

Headache Care

8th EHF Congress 3

What'on...

The Journal of Headache and Pain

he Journal of Headache and Pain is specifically dedicated to researchers involved in all aspects of headache and pain, including theory, methodology, clinical practice and care. The Journal's scope is broad, reflecting the wide application of scientific advances to every branch of

headache and pain management. Within a multidisciplinary perspective, the Journal covers headache and pain syndromes in the following fields: genetics, neurology, internal medicine, clinical pharmacology, child neuropediatrics, ane sthesiology, rheumatology, otology, dentistry, neuro-

traumatology, neurosurgery, psychiatry, pain management, and addiction. The *Journal of Headache* and *Pain* publishes original papers, reviews, rapid communications, brief reports, and letters pertinent to the various aspects of hea-

Dear Colleagues,

The organizing committee of the 8th (European Headache Federation) EHF Congress is pleased to invite you to submit an abstract to the congress describing original research in the fields related to hea-dache.

With plenary lectures by eminent headache specialists from over 16 countries covering a variety of to-pics, symposia, debates, scientific sessions and a clearly recognizable programme for European General Practitioners we are confident that The 8th EHF congress will provide you with a unique opportunity for which to present your research to a truly international audience. Please visit the congress website at http://www.ehf-org.org/8ehf/call.asp and follow the instructions for submission.

Finally we would like to draw your attention to the extensive travel and information guide we have compiled on Valencia, host city for The Ame-rica's Cup, at http://www.ehf-org.org/8ehf/valencia.asp

We sincerely hope that you will be able to join us in Valencia in April 2006, a truly inspirational city for what will be a truly inspirational and stimulating congress.

Sincerely Yours

Congress Secretariat
